The Honorable William F. Knowland
United States Senate
Washington 25, D. C.

Dear Bill:

I have had members of my staff review the article enclosed in your letter of 3 March. The basic industrial statistics compiled by Professor G. Warren Nutter which form the basis for this article are correct. However, some of Mr. Sullivan's interpretations are not justified by the data included in Professor Nutter's study.

Enclosed is a more detailed comment on the article which attempts to analyze the statistics compiled in order to put them in proper perspective.

I hope that this will be sufficient to answer any questions in your mind but if you desire any further assistance, please let me know.

With best regards,

Sincerely,

Allen W. Dulles
Director
